Public reporting burden for this collection is estimated to average 0.50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the information collection instrument. HUD may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

Instructions for the Race and Ethnic Data Reporting form (HUD-27061)

A. General Instructions:

This form is intended to be used by two categories of respondents: (1) applicants requesting funding from the Department of Housing and Urban Development (HUD); and (2) organizations who receive HUD Federal financial assistance that are required to report race and ethnic information.

In compliance with OMB direction to revise the standards for collection of racial data, HUD has revised its standards as depicted on this form. The revised standards are designed to acknowledge the growing diversity of the U.S. population. Using the revised standards, HUD offers organizations that are responding to HUD data requests for racial information, the option of selecting one or more of nine racial categories to identify the racial demographics of the individuals and/or the communities they serve or are proposing to serve. HUD's collection of racial data treats ethnicity as a separate category from race and has changed the terminology for certain racial and ethnic groups from the way it has been requested in the past using two distinct ethnic categories. The revised definitions of ethnicity and race have been standardized across the Federal government and are provided below.

1. The two ethnic categories as revised by the Office of Management and Budget (OMB) are defined below.

Hispanic or Latino. A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term "Spanish origin" can be used in addition to "Hispanic" or "Latino."

Not Hispanic or Latino. A person not of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

2. The five racial categories as revised by the Office of Management and Budget are defined below:

American Indian or Alaska Native. A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.

Asian. A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American. A person having origins in any of the black racial groups of Africa. A term such as "Haitian" can be used in addition to "Black" or "African American."

Native Hawaiian or Other Pacific Islander. A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White. A person having origins in any of the original peoples of Europe, the Middle East or North Africa.

Note: The information required to be reported may be collected and submitted to HUD via the use of this form or by other means, such as summary reports or via electronic reporting mechanisms. The primary goal to be achieved is the provision of the summary racial and ethnic data of the population(s) proposed to be served or that is being served by your organization in a consistent manner across all HUD programs.

B. Specific Instructions for Completing the Form:

Organizations using this form should collect the individual responses from the community of individuals you intend to serve or those that you are serving, as applicable. After the individual collections are gathered, you should report (via this form or by the use of other means such as electronic reports that provide the summary data required by this form) the aggregate totals of the racial and ethnic data that you collect via the applicable categories as described below:

Total Number of Racial Responses: Under this column you should indicate the total number of responses collected in the blocks next to the applicable categories.

Total Number of Hispanic or Latino Responses: Under this column you should indicate the total number of responses collected in the blocks next to the applicable racial categories (e.g., you would enter the total number of Asian respondents that indicated they are Hispanic or Latino). When collecting this information from beneficiaries of the Federal financial assistance all respondents should be required to indicate their ethnic category, which requires either a “yes” or “no” response.

Other Multiple Race Combinations: Next to this racial category, indicate all racial categories (if any) identified by respondents that do not fit one of the five single race categories or four double race combinations above, and which have a total count that exceeds one percent of the total population being reported. You must identify each such racial combination, including the actual count, the percentage of the total population (in parenthesis), and the actual Hispanic or Latino count.

For example, if you obtain data that indicates that the total population being served is 200 and includes 10 Native Hawaiian or Other Pacific Islander *and* White and 12 Native Hawaiian or Other Pacific Islander *and* Asian, and those numbers (of Native Hawaiian or Other Pacific Islander *and* White and Native Hawaiian or Other Pacific Islander *and* Asian) each equates to more than one percent of the total population being served, and 2 of the Native Hawaiian or Other Pacific Islander *and* White indicate they belong to the Hispanic/Latino ethnic category and 3 of the Native Hawaiian or Other Pacific Islander *and* Asian indicate they belong to the Hispanic/Latino ethnic category, you should complete the form as follows:

Racial Categories	Total Number of Race Responses	Total Number of Hispanic or Latino Responses
* Other multiple race combinations: [Per the form instruction, write in a description using the box on the right]	Native Hawaiian or Other Pacific Islander AND White 10 (5%) Native Hawaiian or Other Pacific Islander AND Asian 12 (6%)	2 3

How the percentage should be applied will vary by program depending on whether the program is required to provide data on the total community, or on the beneficiaries/individuals that are being served or that are proposed to be served.

Balance of individuals reporting more than one race: This block is intended to capture the balance of any racial categories that are not included in the list of nine above and are not included under “**Other multiple race combinations greater than one percent.**” Indicate the total number of all racial categories reported that do not fit the nine racial categories above, and do not equate to one percent of the total population being reported. Be sure to also indicate the total number of all related Hispanic or Latino responses.

Total: On the last row of the form you should indicate the aggregate totals of all the information you have gathered including the total of all racial categories and the total of all the Hispanic or Latino categories.

The information collection requirements contained in this form were submitted to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). The public reporting burden is estimated at 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Section 644 of the Housing and Community Development Act of 1992 (42 U.S.C. 13604) imposed on HUD the obligation to require housing providers participating in HUD's assisted housing programs to provide any individual or family applying for occupancy in HUD-assisted housing with the option to include in the application for occupancy the name, address, telephone number, and other relevant information of a family member, friend, or person associated with a social, health, advocacy, or similar organization. The objective of providing such information is to facilitate contact by the housing provider with the person or organization identified by the tenant to assist in providing any delivery of services or special care to the tenant and assist with resolving any tenancy issues arising during the tenancy of such tenant. This supplemental application information is to be maintained by the housing provider and maintained as confidential information. Providing the information is basic to the operations of the HUD Assisted-Housing Program and is voluntary. It supports statutory requirements and program and management controls that prevent fraud, waste and mismanagement. In accordance with the Paperwork Reduction Act, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless the collection displays a currently valid OMB control number.

Privacy Statement: Public Law 102-550, authorizes the Department of Housing and Urban Development (HUD) to collect all the information (except the Social Security Number (SSN)) which will be used by HUD to protect disbursement data from fraudulent actions.
